

# MACHINERY LUBRICATION TECHNICIAN *ONLINE*

3-DAY COURSE +  
EXAM CERTIFICATION

MLT/MLA1 - Machinery  
Lubrication Technician  
(3-DAY)

## DATES

### IN-PERSON TRAINING

**Burlington, Ontario:**

**October 22-24, 2024**

**January 21-23, 2025**

**Raleigh, NC:**

**September 10-12, 2024**

**November 12-14, 2024**

### ONLINE TRAINING

**October 22-24, 2024**

**January 21-23, 2025**

## COURSE OVERVIEW

Lubrigard is hosting this 3-day course that covers the MLT-1 / MLA-1 body of knowledge. This course provides foundational training for reliability-centered machine lubrication work practices. This course will help you understand the positive impact that high-quality lubrication practices can have on your machine's health and your plant's productivity. Participants will learn how to transform an existing lubrication process from modest and reactive to thorough, accurate and proactive. The exam is administered on Friday morning after the class through ICML. **This training will be take place IN-PERSON and ONLINE.**

Registration for the exam can be done through ICML at [LubeCouncil.org](http://LubeCouncil.org) or call (918)-259-2950.

### IN THIS COURSE YOU WILL:

- Understand how lubricants work, how to create lubricant specifications for different types of machines, and how to manage their condition.
- Learn how to select a grease, the most effective application method, and how to determine the optimum application amount and frequency
- Learn how to identify, prevent, and remediate lubricant contamination.
- Learn how to design world-class lubricant storage and handling system.
- Understand the key elements and uses of oil analysis.
- Learn how to modify equipment for lubrication, inspection, oil analysis, and contamination control.

Learn how to identify gaps in your program and create a game plan for your next steps.

# Exam Certification

On the 4th day, there will be a scheduled MLT/MLA1 certification exam. You can read about the MLT/MLA1 certification on the ICML website: <https://www.lubecouncil.org/>

To become certified, an individual must meet the following requirements:

**Education and/or Experience** - Candidates must have at least two years of education (post-secondary) or on-the-job training in one or more of the following fields: machine lubrication, engineering, mechanical maintenance and/or maintenance trades.

**Examination** - Each candidate must successfully pass a written, 100 question, multiple-choice examination that evaluates the candidate's knowledge of the topic. Candidates have three hours to complete the closed-book examination. A score of 70% is required to pass the examination and achieve certification.

**The cost of the 3-day course is \$1595 for in-person and \$950 for the online. Prices are per-person. For group rates or on-site training please call.**

The cost of the exam is \$275 (USD) Attendees wishing to take the exam must register directly with ICML.
